

“Native American” Oral Presentation

Student name _____ Date _____

How You Found and Used Information

- You used your notes.
- You used other sources such as books, encyclopedias, and the internet.
- You said things in your own words.

How You Organized the Presentation

- You put main ideas at the beginning of the presentation.
- You had a clear introduction.
- You told the main things you would talk about, then explained each one.
- You gave some details for each main idea.
- You repeated your main ideas again at the end.

How You Spoke to Others

- You stood up straight.
- Your voice was easy to hear.
- You did not talk too fast.
- Your voice showed you were interested, not bored.
- You used your hands, face, and eyes to communicate.
- You looked at your audience, not at the floor.
- You looked at everyone, not just one or two people.
- You smiled occasionally.
- You did not fidget, rock back and forth, or pace.
- You looked at your note cards, but did not read from them.
- You used standard grammar.
- You did not use empty words (uhm, uh, ah, mm, like).

How You Presented Your Information Visually

- Your visual aid was understandable.
- Your visual aid was interesting to look at.
- Your visual aid added to the information that you talked about.
